

2003

HUD High Performer

The U.S. Department of Housing and Urban Development (HUD) awarded NRHA a perfect score for its city-wide management of the Housing Voucher Choice (Section 8) Program for fiscal year 2003. Housing choice vouchers allow low-income families to choose and lease safe and affordable rental housing from private owners. In its public housing evaluation for the same period, HUD awarded NRHA the designation of high performer. HUD established its Public Housing Assessment System (PHAS) in 1999. The 2003 evaluation was the first official report under the new system; reports for the previous four years were considered advisory.
